

Oh, Florida! That name. That combination of sounds. Three simple syllables, and yet packing so many mixed messages. To some people, it's a paradise. To others, it's a punchline. As author and journalist Craig Pittman shows in his New York Times best-selling book *Oh, Florida! How America's Weirdest State Influences the Rest of the Country*, it's both of these. He recounts some of the wilder stories from Florida's history and culture, but also shows how Florida has affected life throughout the United States. Admission: Members \$5, Non-Members \$10
