

Florida Humanities Council 2018 Annual Report

Florida
Humanities
Council
FloridaHumanities.org

Dear Friends and Supporters of the Florida Humanities Council,

For over 45 years, the Florida Humanities Council (FHC) has been the state affiliate of the National Endowment for the Humanities. This is an important relationship in that the Congress of the United States has determined that providing access to the humanities “to people of all backgrounds, wherever located” is a national priority. Along with the state of Florida and generous individuals, Congress has been our primary funder and the FHC, in turn, has been able to support our community partners in bringing humanities programming to every corner of this diverse state.

This annual report highlights what we do and what it costs to do it. We serve Floridians by funding/supporting programs such as:

- The Florida Stories Walking Tour App
- Museum on Main Street
- FORUM Magazine
- Poetry Out Loud
- Seminars for Educators and High School Students
- Family Reading Programs
- Grant Funding for Local Humanities Projects

We are grateful for your interest and your support. It is our passion to preserve and share the state’s history, literature, and culture.

A handwritten signature in black ink, appearing to read "Steve Seibert". The signature is fluid and cursive, written in a professional style.

Steve Seibert
Executive Director

The programs of the Florida Humanities Council annually touch Floridians in every region of the state. From our reading and discussion programs and engaging Speakers Series, to our exhibition partnership with the Smithsonian Institution, and summer seminars for teachers and high school students, we are dedicated to convening Floridians in community-based programming that brings us together and deepens our understanding of Florida.

NATIONAL
ENDOWMENT
FOR THE
HUMANITIES

Funding for the Florida Humanities Council comes from the National Endowment for the Humanities; the Florida Department of State, Division of Cultural Affairs and the Florida Council on Arts and Culture; and private donations.

Grant Funding for Local Humanities Projects

Since 1971, the Florida Humanities Council has awarded more than **\$8-million in federal funding statewide** in support of the development and presentation of humanities-rich cultural resources and public programs. These projects help preserve Florida's rich history and heritage, promote civic engagement and community dialogue, and provide opportunities for reflecting on the future of our state.

Museum on Main Street

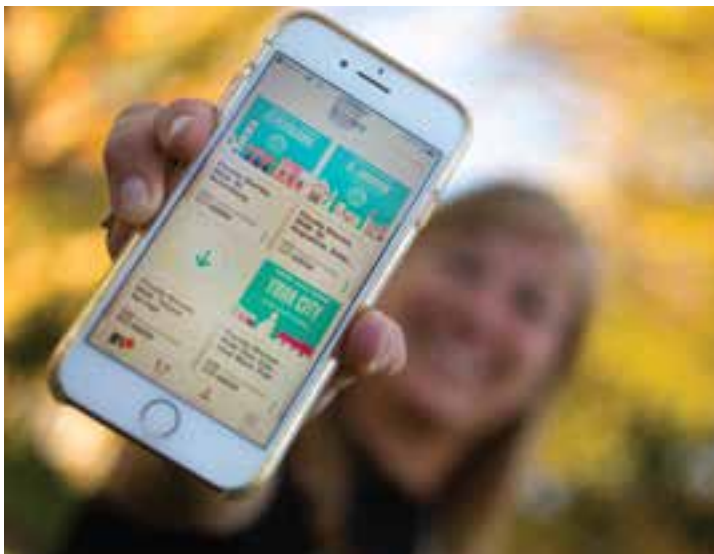

Museum on Main Street is a partnership program that brings Smithsonian Institution exhibitions, resources, and programming to small towns across the state. These high-quality exhibitions are designed to bring revitalized attention to underserved and rural communities and serve as a launching point for storytelling and local pride. Exhibition host sites report an average attendance increase of **more than 60%** over the previous year.

Smithsonian
Institution

FORUM Magazine

Through its insightful perspectives on Florida, FORUM magazine provides readers with engaging and colorful stories about the people and places that define our state. Each issue of this award-winning magazine is distributed to over **20,000 people** statewide. To highlight the wonderful literary accomplishments in the state, an annual issue of FORUM recognizes and honors the annual winners of the **Florida Book Awards** and the **Lifetime Achievement Award for Writing**.

Florida Stories Walking Tour app

Our downloadable walking tour app allows users to delve behind the scenes of Florida towns with an emphasis on local history, culture and architecture. Connected via a statewide platform, the tours create sustainable cultural tourism products that increase knowledge and appreciation of local history. The app's **36 unique tours** are currently accessed by more than **36,000 people** annually.

Poetry Out Loud

Poetry Out Loud is a national poetry recitation contest for high school students hosted annually in partnership with the National Endowment for the Arts and the Poetry Foundation. Participating students not only learn about great poetry through memorization, they also master public speaking skills, build self-confidence, and learn about our literary history. More than **11,000 students** statewide participate in local competitions each year.

Seminars for Educators and High School Students

Each summer, K-12 educators and high school students from across the state participate in challenging and interdisciplinary studies of the humanities at one of our enriching seminars. Led by distinguished scholars, the seminars combine classroom sessions with relevant field experiences that highlight our state's history and culture.

“100 Faces of War”

The Florida Humanities Council has partnered with the Smithsonian Institution to bring the acclaimed “**100 Faces of War**” traveling exhibit to Florida. Through the eyes of soldiers who participated in the Iraq and Afghanistan theaters, “100 Faces of War” gives voice to the warriors among us by featuring 100 personal essays and oil portraits of veterans from every state. The exhibit highlights the importance of the humanities both in helping Americans to understand the experiences of service members and in assisting veterans as they return to civilian life. Host sites include the Museum of Arts & Sciences in Daytona Beach (Sept–Nov 2018), Pensacola Museum of Art (Oct 2019–Jan 2020) and Coral Springs Museum of Art (Sept–Nov 2020).

Speakers Series

As part of FHC’s Speakers Series, expert historians, storytellers, researchers and authors travel the state to talk about a wide variety of subjects related to Florida. Programs are free for the public to attend and are presented in partnership with civic organizations, museums, historical societies, libraries and other groups interested in bringing thought-provoking programs to their community. More than **15,000 people** attend FHC speakers programs statewide each year.

PrimeTime Family Reading Time

A six-week reading and discussion program for underserved families with young children. Held in public libraries, this program demonstrates how literature can enrich one’s life, models strategies for continued family bonding through children’s books, and provides information for families about library resources.
