Florida Humanities Council

To Whom It May Concern:

My interest in becoming a member of the Florida Humanities Council stems from a life-long interest in the Humanities: Arts, Music, Literature, Language, etc. I was very fortunate to attend a public school that was ahead of its time in offering programs to elementary school students. I received free music lessons starting in first grade – and continued to play in the orchestra and marching band throughout high school. I also was privileged to start foreign language training in first grade and this was the impetus for me to have a career in International Health Care. My elementary school also had a dedicated art teacher and that too inspired me to an appreciation of the arts and is partially the reason why I am currently a trustee of the Orlando Museum of Art.

I am a believer in the importance and impact that the Humanities have in our lives and feel that my involvement with the Florida Humanities Council will help to strengthen these offerings throughout our state and expose myself and others to all that Florida has to offer in this realm.

Nancy B. Wolf

Although I have been a resident of Florida for over 30 years, I have generally concentrated my efforts in supporting my local community. I would like to bring my past experience serving and supporting my local community to a statewide initiative.

Please describe any experience you have had serving as a board member for any other organization. Indicate if you held any particular position on the board, or served on any board committee.

I have served on several boards including being a trustee of the Orlando Museum of Art, UCF's Town & Gown Council, Ruth's List Advisory Board, the Board Chair for Planned Parenthood of Greater Orlando. I am known for my leadership skills and "getting things done".
